What's up guys Welcome to Real and Raw podcast with Jordan Anderson I'm agent zero I have some very special guest and teammates with us here today to the right We have cornerback number 24 Jalen Davies We have receiver Logan lawyer Mr one hand to tap and we have Mr All America do everything Cam Brown number zero Receiver What's up guys How y'all doing today Oh my God Doing good Happy to be here man I'm doing good doing good smooth I like it bro Appreciate y'all boys from coming on man How about y'all just start off with telling everybody you know like where y'all from Um You know how y'all got to UCL A you know where you are from Uh How old y'all is yada yada yada the basic stuff you saw Um I'm Cam Brown I'm from Dallas Texas Um I committed to UCL A out of high school my sophomore year um under coach Moore end up de committing going to Texas A and M and line up transferring here in uh 2021 Come here now So I'm still here Hm Uh Logan lawyer from uh Garden Grove California Uh I committed here at the middle of my senior year and I've been here all four years Got you Got you Yeah Uh I first went to Oregon and then my freshman year then we had like a coaching change So I came here uh kinda two years ago now and uh ever since it's just been great like here Where are you from You didn't put that in there huh I'm from Rancho Cucamonga It's like in an empire It's like an hour from here Oh OK OK OK OK So you said you was committed to UCL A at first and then you decommitted What was the reason behind that So this is my dream school But um that was the only coaching staff I really had knew So when there was a change coming I didn't really know what to expect There was a lot of stuff going on in the media but it was a culture change change So I ended up going with my next option which was uh A and M but UCL A was my dream school though So just funny how I end up back here like how it all worked out Got you got you What about you You said you was committed out of high school Did you have like a lot of offers or a good amount I I like uh I'd say he was that guy I try to help you I say I like most of the like west coast schools So I was looking at kind of like the PAC 12 and then just ended up I took one visit over at Vanderbilt Oh wow Yeah So that was like not west Coast And I was like that's crazy And then I took a visit at UCL A both the official visits And

then uh after my official visit at UCLA I decided I wanted to commit like right away Got you got you And you said you left Oregon because of coaches coaching changes I ever had a coaching change and I kind of visit UCL A in high school and I always like to and so I was just like I'm a I could go home and play the chip It was just like yeah I got you I feel it So what was the difference between like Texas A and M and UCL A as far as like school wise sports wise culture wise school wise and culture wise So school wise I mean it's in a college town so it's a whole different experience out there All you do is live eat and breathe football out there Every game you'll have 100 5000 people there It's gonna be turned lit every game no matter what who you playing Um is that like a military school My bad I'm in the country I actually used to be a military school back in the day It used to be an all boys school No I'd be seeing it in the in the stands It'd be like military people in the States Yeah That's why I'm like I know back in the day it used to be an all boys school strict of a military school Yeah it used to be I mean it's just like any other college now but it's just a part of the tradition they got over there So the coaching styles out there down in the south too is a little different than is out here in the west coast But um it's cool It's a great football atmosphere though Got you Got you What about you Um I know Eugenie probably ain't none of Eugene bowling green It was oh yeah I like the same bowling green though He ain't much around It's just like the school It was pretty cool The fans it's not like league teams So it was like the league team Uh all the games really was sold out It was a home game and away games still like everybody kind of knew So it was just a fun environment college town And I was kinda like L A so much going on different teams and different stars you know nobody really paid attention to it much Like it's like lebron walking somewhere It's not the same as lebron being in Oregon Like so like it was just a different environment kind of like less electronics as much and all that It's more like fishing and outdoors going like to lakes and river days and stuff like that So it was pretty fun I kinda like the outdoors Oh really So yeah you like to fish Yeah You never caught fish I've caught a fish fish fish I've never been fishing I ain't gonna lie I understand You know you don't you don't like the water I do like the water I just because I can't swim I mean I don't like the water I don't know the song and I've been trying to learn for the longest but I don't know like every time somebody like teach me like it never worked Like I'd be saying they'd be like pedal everything like I start and then I just be like don't go nowhere and I just sink to the bottom I don't know I I gotta learn from professionally It's I can't float though and and do

powder that count So it takes you nowhere you know try to learn who are the last person to teach you We do be having poor region You just take the opportunity We could teach you you know yo that's not a we just be stretching in the water But no the last time I ain't gonna lie it's been a while for real I really just be like do impelling my whole life for real I'm not gonna lie And that sounds so bad But I really do need to learn like and I know like I didnt did some wild stuff I did some dumb stuff Like my mama probably she gonna she gonna hurt me when she hear this But like I did as a deer I jumped off a diving board like 13 ft pool and I couldn't swim and I thought I could float to the top but I did it So I had a life guard a lifeguard had to like come save me but she had to come save and I only say well well like this because like when she grabbed me and grabbed me she acted like she couldn't leave me because I didn't know the girl was like 16 So like you feel I thought it was gonna be like a grown woman or something But like she was like she was like 16 she was like 16 and she act like she couldn't carry me So like I basically carried her to like the edge like once I was up you feel me So you shaped her Technically Yes But it is what it is That's what I'm saying Once you to the top once you to the top it's it's cool It's cool You gotta get to the top Yeah But like and for real bro I got a video if I show y'all y'all gonna laugh cause like I was at the top a little bit but then I didn't notice but like it's like I was waiting I'm like yeah it's taking too long and I just started panicking and I started waving my hands But it's cool But no but that's how I learned to swim Lucky I was just I was I was a different little kid so everybody's kinda asleep and I just went outside to my friend's house and I just went around the pool holding on and I kinda just let go and started trying to swim It's like nobody out there I go a little bit farther a little bit farther You have to go back man It was just I was just too smart for my age man I was just it was to a point where I was just cool with the office Ladies like teachers It's like it was all just cool man I was too very much you can So I just really did everything I wasn't supposed to do Like the last round That's the thing I was a class clown but I did my work So it really wasn't it really wasn't like I was in trouble for real for real man When I was real young I was in elementary school There was a time where I was just being bad bro I'm doing nothing I'm not doing the homework nothing We used to get our report cards back and you gotta take it home with your parents They gotta sign up like and I'm trying to act like you I used to take p and like change my grades on there Like they I think they're not gonna talk to the teacher I used to do that too My parents still make fun of me for that You used to change on a P

Yeah Wasn't it type Yes I'm not thinking of it like that I'm young I'm young Like you ain't gonna know it This is a a I really got a 92 She just marked it wrong That's crazy No I knew somebody I know some I knew somebody when the teacher had left out the classroom he went to her computer and changed his grade He know he know who he is I ain't saying no names but I mean she can't do nothing Nah But no that's crazy though That's why I'm trying to see like the baddest stuff I did some wild stuff in college Like like college college though Like some wild stuff in college Probably be chilling like behavior wise Um I lit a firecracker in a building before and throw it at somebody room Uh one of the things we didn't work in we we had paintball we had paintball gun fights but I didn't really know BB Gun war Yeah BB Gun war too Yeah we messed up the whole building Like somebody would shoot they were shooting windows out and everything It was crazy I got shot in my eye with a paintball Gun Paintballs hurt I did Oh it was a little yeah Crazy The paintballs hurt though That's wild I remember I went paintball for the first time I ain't know So I just wear like a long sleeve like you got you got a double look for real for you It's gonna leave a mark when they had like an assault team in there I'm thinking this is gonna be kids like the homies bro bro Dudes all suited out like call of duty They got the custom guns The spider I learned the spider was and bro they gonna tell us they're on the opposite team Like bro we go in there bro We just thinking it's a birthday like 10 of us play just some normal day and they just be like sad go and they're like hey flanker I'm like what They like aerosol three like calling out plays and it's like I guess they broke out in like a group We didn't even know cause it's like a big field and like three of them came down the middle and like the rest came around and they box the same brown and just lit us up Y'all just didn't move bro We thinking they're shooting So we think it's just them coming all of them And then as soon as we started shooting we turn around and they're all just like in a circle bro And it was just like so you got ambushed basically And I had on just the laws even everything bro And I swelled up like cause my skin is sensitive Like if I scratch myself I'll swell up My whole thing was swell up I saw I be slap boxing or nothing bro Like I'm scared No it just if I get hit it's gonna look like I got beat up Yeah you should Hm You said you ain't scared What's your biggest fear Think its fear You can do like honest like a like a biggest fear and then like a real like a real biggest fear Like you can do like your like your kid version like you're scared of spiders or something like that spiders No I'm not really scared of spiders Like you know some people like they scared of rats or like they

scared of clowns or something I don't mess with snakes I don't touch snakes I don't do that Like Carl uh Carl had those two snakes bro I don't think the whole time I live with Carl touched them snakes I don't I don't like snakes I don't know why they just feel What's your real biggest experience I don't like cats I got beef with a couple of but I like animals with a couple of animals there a couple of animals that's just like you gonna square with a kangaroo or something No I ain gonna lie I was watching a video they really got I seen a video bro like the kangaroo is really like like boxing Yeah it's crazy I'm telling you I'll take down the kangaroo though Me too Me personally I'm prepared and they tall too in their but I think as long as their legs are too long what they do They grab you You think a kangaroo gonna grab me No You seen Jack Yeah that's my that's one of my favorite movies That's what I'm saying Like do you think a kangaroo gonna put me in a four N or something You think You think a kangaroo gonna put you in a hell lot He would Have you seen them Hold their babies That's cool and all But do you see me You ever like this They baby their baby like you That's cool Like I don't care about none of that You can you can creep up on a kangaroo behind them It's weird They only own they like they hopping though They hopping It's not like they walking up where they running up They can't run up Well they can't run up but you put them they on they on two high legs they hopping Kangaroo can hop over 15 you know karoo Nah did you I ain't worried about it But anyway keep going I just had to What did you say Hm What did you guys Oh like what's your like real like biggest fear I got like weird fears I think I don't think I'm scared of like the normal things you'd be scared of It's like we're like mm I don't know why Like I just I feel like one I'll be having a dream and I see a lady in the like the middle of the night like in a wedding dress I don't know why I think the one day I'll be walking and I'm gonna see her just like you have a nightmare Yeah Don't know I don't know if I've seen the movie bro but like I saw her sometimes I be walking late night I just be like like people be thinking like getting robbed or something I really just like bro she got a ghost No no she not a ghost I think I've seen a movie and I just always seen that bro cause she was like the killer in the movie And that's like bro so you having a I feel if I ever get took out she gonna be the one What about you I always said like growing up like spiders Like I didn't want to deal with spiders at all Like it's a little one big one Like I didn't want to like kill it I would go get my parents like hey like there's a spider in my room like I'm not getting that Um That's probably spiders everything else I'm cool with it looks like your real like adult fear or like a biggest fear So I've been I

haven't dealt with like uh I really dealt with like death yet like like that yet So I guess that could be like a fear like cause your death experience stopping on like like like that like a family member Ok I got you I got you I guess kinda like that cause I I haven't really like deal with that yet Got you got you What about you You mine is the same from a kid that now my number one fear is lightning Like you said you're gonna get you get struck by lightning Lightning is my number one fear But I'm telling you in Texas we'd be having crazy storms You say you know a kid that got struck by lightning before No I don't But look so that's how it started I was a kid We in the backyard Texas like storms be coming out of nowhere So a storm like rose out of nowhere We got a lot of people at the house We are I'm outside with my cousin like we're throwing the football around like his dad was like oh no like the lightning like millions of miles away like it's never gonna hit you blah blah Everybody be saying that But you know you start to see the flashes you hear the thunder it looks like it's getting closer So I'm already like antsy and jumpy and out of nowhere boom neighbor's backyard hit Yeah that's off inside Like every time I go outside and ever since that day anytime I see a like are you traumatized and it Worms Worms is my second favorite bro Worms They like just a regular they see a worm on the ground like you gonna run away Like like it Like I play like the chills that I get If I see a youtube baby be running away I don't care like the chills I get If I see a worm then I seen the human centipede too when I be tripping sometimes And that's like a different type of worm Birds be tripping sometimes birds birds worms birds I seen he I'm not scared of heights I'm not a big fan of heights I'm not scared of heights No I don't like to go on roller coasters like that for real But it's not because of heights because I be feeling like nauseous after it bro And I ain't doing no roller coaster I I feel like I throw up every time I get off a roller coaster So it's like that's why I choose not to go on the roll coaster for sure But like or like I feel like if I eat before I get a roller coast I'm gonna like throw it up So I be like cool on it for real But oh fear one of my fears is clowns like as a as a kid Like I hate clowns Like not the like not the scary movie clowns Yeah the scary like the scary movie clowns like like it and like all type of clowns like that She is just like like the clowns I was running around scaring people Yeah Like not the ones that be at birthday parties I'm cool with those But like the actual like clowns that be like penny wise Yeah Like I if I see that if I see I like automatically cry or something like I just close my eyes like still like no no that was like I don't care now like I probably get scared like I'm like oh but like it ain't gonna be

like that bad for real For real and then like a real fear I got like a couple for real Um Which one for real Oh Yeah I always said I wanna be like OK no a real fear is like if I like mistakenly like up upload like a picture like to my story to like to feed it said it was like even like a bad picture that's not supposed to be or if it's like a screenshot or something and like I don't know until like the last picture would it be Yeah like you said what or like or like a girl you're talking to and not talking to Yeah I figured that's what happened to me Like you ever just open Instagram And it's like on the post thing and it has a picture already Yeah No that's I'm like bro I I can't I I can't deal with the mental capacity bro Like what's coming like cause I already know like my phone is gonna start blowing up and then be like it's gonna be hella screenshots screen recording or whatever and I can't do it bro Like a group chat If a group chat get leaked it's over with you going to jail I'm going to jail There's gonna be a couple of people wanna fight me all of that but now that's number one but like a real fear though Uh hm Yeah I say like some dealing with kids for real for real just like not being able to like provide or like help my kids for real Like when you like the father type if that makes sense like not ba basically not being a provider for like your like your husband like your kid or your wife if that makes sense like if your kid needed like uh a necessity or need or something but you can't get it to him or provide that to him I feel like that's like a fear I don't wanna have But other than that since you said a picture of a girl you got a girlfriend No I ain't got a girlfriend I really chilling on girls right Oh for real Just because how you said it to just her kids and all that It's like it's like the age I feel like everybody just had kids A lot of people I know like growing up they got kids now pregnancy been on sale Pregnancy been on sale for a couple of years now and it just I had my first girlfriend so I'm kind of just chilling You had or you have had with ad past tense situation going on You spend a block every time the block you spend a block Would you spend a block Do you spend a block Right I plead the fifth I don't know what he's saying right now That's crazy It's cool I'm not saying like I'm not saying with that I'm not saying what with that particular person I'm saying like would you spend a block though You know some people like once they done once I'm off you I'm off you I mean it's my first like time doing it Not even like not even like with a girlfriend it's like with any chick Usually not usually not so much You off you off Yeah You ever had like a a girl that was like ugly like like in past but not she bad I'd had a couple of those real uh she wasn't she wasn't that bad in like middle school or like high school but not like she like one of them

But nah I feel like everybody kind of look the same I had a couple I remember one girl I tried to sign the DM She talking about you used to talk about me in eighth grade and I was so hurt I said oh no that would be fun and I really and I really don't I don't really think I did but I probably did but I know a couple of girls that was but and then now it's not a a I know I know some of them too for sure Definitely That's crazy No Yeah Go the other way Yeah I feel crazy for I really need to be asking you because you you really argue a man with the plan No no plan over here Um solo You solo You you've been in a relationship Uh Yeah I've had I've had a relationship before Yeah How he gave you He gave you advice what advice he gave you What advice he gave you Uh pretty much Yeah we for sure I had talks but like it's been a minute like it's been a while But we we really had to talk about this though For real He was like your love doctor or something He's your therapist He told you he for sure told me not at the end though Like I used to be after you break up with somebody You can't really still be friends really right now Oh yeah that's true That's definitely true That's definitely true I'm not going to see you It's just a friend That's right after that That's a trick bro We can still be friends like that Drake It's hard The the Great Gatsby Line Uh what's her name What's the actress name She's like we'll be friends We're never going to be friends That's crazy No no that's true That don't work Not right after maybe like along down the line for sure But right after no I still got like some dislike to her if that makes sense Yeah But I think um I was no dislike really It was not I'm not dislike but like you feel me y you got out a relationship for a reason You feel me So it's like you obviously yeah I had some like disagreements or like some type of disconnection or dislike You feel me So so I mean like you could be like friends with me after if it's like a really short relationship like oh like but like it's like a reasonable like long relationship There's no friends after that after that I don't know It's hard I can say it's different for me only because like the one relationship with all your exes Yes he is Let's not say all ex I only have one I only have one ex Is he a friend I only have one ex I only have one relationship Good terms But this is the that's the thing this is the thing This is the no I well we're not disclosing here but no I was like she was my best friend before you feel me We was in a relationship for like years Like I met her in like middle school and like we got together and like uh freshman year college type deal So like I was already like cool I I've been locked in like before you feel me got in a relationship So like that's the only reason I feel like I'm somewhat like cool Like we keep a quarter and stuff like that Like we cool in basketball Do you

count it as a relationship if y'all don't make it official No like you you straight up No y'all doing everything that you know I feel like girls after you see him for a certain period of time it just something I feel like I feel like you gotta yeah either make it like a post make it official or something I mean you don't got to post you don't gotta post you don't like if it's official between y'all I mean that's cool Yeah but like if y'all just like you feel me doing what couples do but you ain't really said nothing about it then it's a matter if you introduce them to the parents it can happen by accident because I'm not introducing nobody to my parents It ain't serious Yeah it ain't serious If you get to the parents I would say that if you tell your parents about me then OK Yeah it's a little something but like until I meet them then you feel me If you tell your parents about me I feel like ok you trying to it's sort of real a little bit but parents being in people's business Yeah that's what I'm saying Some friends some parents be best friends with Like so you might come up like they do lie But I you know me and my mom though Yeah like unless it's serious for real like even you said the games like it's been like girls that didn't have like you feel me their number like my number on their face like that But like my mama asked like who is that Like I heard her yelling your name but I'm like oh I don't know what she is Just leave it at that for real Yeah But I mean she probably watching this sick right now I was it was funny it was funny in this phone why you see that It trust me I got dead I've been done wrong so many times So he ask me cut that one out at the it's the real and wrong We keeping everything we keep everything keep everything Yeah I don't like I don't got in the hot Me neither Yeah So you split the block before I feel like what You're not single you're single What you not single when you're single Cause if you post you gonna get in trouble So you have you put what you mean You said you're not single If you even when you're single now you're not single True No that's not true I mean yeah somebody gonna they somebody gonna have something to say But it's not like ever if you get a girlfriend or you just no I know like once you get a girlfriend or like once you get in a relationship everybody be trying to get at you I I don't know why It's always like that I don't I don't know why but it's crazy Like all the girls like the ones that never takes you back at first Oh now they want you You have a girlfriend That's crazy I don't know why though It look stable usually know they'd be like oh you're not dateable If you date somebody you look dateable I think it just be jealousy for real girls Be doing that though for sure They probably just mad like treated good over there Like so you only have one girlfriend Yeah you only have one Yeah What you

when I got here Well what about you had 10 No no no I had one for 11 for all You did like five years It was like just about three It was this is on college uh high school to college High school sweethearts care to show what happened Uh I don't know She I don't want to put her in You don't gotta put her name You don't have to put her name You just gotta put the situation out there Yeah But she has a say in the business You don't yeah you don't got to you don't got to just uh you know you spend a block just timing that you you spend a block a couple of times Yeah So you do believe in spending a block Yeah I never said no but that's what you was asking me Yeah Just crazy I thought at the time you asked me that I recently I'm like no no I was saying like you like you spend a block I'm like for what I'm like Yeah so you do you do spend a block Yeah but that was the first time Really my ex but like other than that other than that like no other girls in me if you take a girl on a date like once and like you really ain't feeling it if you ain't feeling no you don't give them like the benefit of the doubt like what about if it was a great date Yeah you gotta spin it again Yeah but I feel like that a lot but you don't take long You just feel like getting food you can bring a girl with you Does that count as a date Because look there's a date like I'm trying to get at you like really date you Yeah that's what I'm saying And then there's like shoot I'm hungry I wanna go eat at this restaurant but I don't wanna go by myself That's a date that seem like a date Date I spend time with you So I was like no you gotta take all this sounds terrible It just so I know I'm not gonna say that but oh shit Come on I said I think it's cool bro You you gonna be forgive later I do a takes you to couples therapy on the first date That's a red flag OK All right Yeah OK Cool Couples therapy on the first date Therapy First off we're not a couple therapy but we need therapy for even if they were a couple we're not going to couple therapy We just something like I'm too young to be talking about not going to couple the therapy about if we need couple therapy and we under 30 we're not a couple that I was like you we married with kids Cool But couples if we have kids Yes Other than that no because I don't want multiple like I just want one woman one person one baby mama I can say that one baby mama So that's live tweets your entire date Red flag flag First off That's a red flag Why are you on your phone while we're on the date Talking I thought you said live tweet your life like oh he just picked me up Oh we we finna go to such and such we finna go to Benny He of course he just paid the bill he just paid the bill He just ordered that's how you get oh he just ordered a lobster or she'd be like uh uh I'm not feeling it He only ordered appetizers I'd be like that's crazy We have Applebee's call it Uber XL

That's crazy Yeah I can't do that because then if I find it if I find that out now I feel like she trying to play with my image right open my door on the way here has slept with Literally everyone cut go ahead and wave it Go ahead and wave it wa that What's wrong with you Oh So you judge girls off off their past what you mean So I'm just saying you judge her off for the past and stuff What if she was like in a in a dark place back then Nah what's done in the dark show Come to like I'm not gonna be there So you you raising you raising a red flag on that too Yeah I raised a red flag What's your what's your reason behind that They say they say another man's trash is another man's treasure And I'm not and I'm not saying that I'm a part of that That's what I'm saying I'm not I'm going to raise the red flag but he is right though That's some people's opinion That's what I'm saying Some people are just like I'm going to raise the red flag but because everybody does get married eventually like you gotta think about you gotta think about it I always I'm glad you said it I always had this talk with my old my ass back home I'd be like bro you don't know what your wife did What if your wife from Detroit where like he lives Like imagine no I'm just saying example imagine you don't know nobody from where he lived And then like that's what I'm saying What you about to what is about what you consider mcdonald's on first date If she did She's that cool where she would say that I do I don't care where we go I wouldn't take mcdonald's I wouldn't take it to mcdonald's though Like I love mcdonald's I don't take that off a little bit Just be it would be cool mcdonald's like we can I mess I know her vibe cool and I know she cool shit down to earth girl But mcdonald's is kind of like nasty I'm not going to lie if she eats mcdonald's that's her favorite fast food in the kind of me up like their breakfast The breakfast is go crazy I'll only get the fries though Chicken nuggets Mcdonald's probably got the best fries at all The fast food restaurants 555 guys can't touch mcdonald's what they put in the bag They put extra in the bag with mcdonald's fries fries on that We can do a mcdonald's fries fries go crazy I'm not gonna not knocking their fries at all more mcdonald's fries but Cajun fries and they put an extra in the bottom of the bag They look I know they gonna put it they gonna they gonna put it in a little cup and then they gonna scoop some more and dump it in the bag before they put the cup of fries in the bag What's your what's your top three fast food fries This is not an order not an order I'm just saying mcdonald's because that's the topic mcdonald's Um five guys and y'all ever had Checkers or Riley's No but I was going to say Popeye's that was like the same Yeah it's like a fast food Popeye's OK I'm not I'm not going to say checkers It's not but

the black pepper I'm trying to see who else Dang You don't know what Checkers is Um rallies rallies y'all know rallies is that guy rallies OK Damn OK I'll just go um Arby's curly fries us go crazy I'm not gonna lie Do they even still got RB RS curly fries I don't get no I don't get nothing else but the but the fries though Nothing but the fries I'm only saying that because you don't know And I say Wendy's I put Wendy's in there I put Wendy's over Arby's Yeah I put Wendy's over Arby's for sure I put you know who's a sleeper You ever tried farmer boys farmer boy fries burritos mcdonald's is one I'm gonna go Chick Fil A too Oh I forgot about Chick Fil A I put Chick Fil A I put Chick Fil A At three with a tow with check and then you got it She's like fresh right when they come out in and out Wing Stop Mm Yeah II I never had I never really get soggy They get soggy brown So as soon as you walk out you you eat them right away All right Next topic we got a question from one of our viewers Um it was if you can hang out with 11 celebrity for the rest of your life who would it be Let me start with you Because you know you be in that you be in that limelight You know I'm gonna go with uh Jamie Foxx because one funny he knows everybody be throwing the craziest parties Jamie Fox It's crazy but he doesn't even tell the stories about it Like everybody who be who be there like everybody is like he throws great It's a great time Like you gonna enjoy yourself You know what you're gonna get like you gonna have a fun experience Like I feel it I thought we was talking like girls and French but it could be you just do you just do both I'll probably take Kevin Hart Then if you take Jamie Fox I would go with Jamie Foxx for sure I was gonna I was gonna say Kevin Hart only because like people be saying like like I'm kind of funny they be like I sound like I sound like I'm a little bit which I don't know how chill up But no yeah they be saying like I kinda like have similarities So I say that only because like he is funny My favorite comedian this is for Tracy P in Arkansas She said if money was not an issue what would you do for the rest of your life being Guess you were like a billionaire or something So that man I'll be designing houses and I'll be an artist like music artist performing and stuff I'll be turning I just sell out the stadium All stadiums Turn to your music I feel it Mm I would still play football until like I can't and then just start traveling and do some vacation all the time Oh I think I still do the same thing Really And then sure travel to help people You said you'll do what Just help people Oh I thought you said sell people I say what I'm like bro What No I'm trying to think Uh I do the same thing Really Yeah I vacation I still play football I travel and um what else is something else I would do Uh it was just on the table but I I build my

own house Like I have a trick The oh no Yeah I would go like around the world like you ever saw man versus food Yeah I would do that Yeah I would do that I love trying food No I mean I feel like I would try everything It wouldn't be I wouldn't go across like the country though It will only be in the US though I I'm done playing football I would go around the world actually cause I probably found like a hidden gem somewhere and you could do that for real After football I'm gonna be obese Yeah I I won't be obese I don't know I try my best to work out but I know it ain't gonna work it ain't gonna happen that way All right we'll we'll we'll get off the topic and super we'll switch we'll switch back to sports and football name your top five NFL players of all time all time current and current and all time I see when you say all time I don't know back back back and people gonna be like all right you didn't even count I know a couple of recent I mean you go two thousands if if that comes Reggie Bush NFL him on the Saints So Reggie Bush show he wasn't really Reggie Bush though like how he was and he got Reggie Bush play So I don't know He just you didn't say Stephan Gilmore Sherman that show all time Well for corners Ok And then J Ram of course they got they got them Um it's been a lot though Uh I was like um Peterson Patrick Peterson Cool Um there's so many though That's what I'm saying with football It didn't have to be corners It could just be like players No I just said corner because if I say everyone it's hard Yeah What about what about you You said Reggie Bush Bush Reggie Bush bro Reggie Bush that's the first person you name NFL all time I'm trying to think about Madden That's one of my favorite players of all time He could be like college football all time I'm gonna go Odell He like changed the whole league Deshaun Jackson I'm gonna go J Jet all time Alzheimer's is crazy right now Yeah that is kind of crazy It's crazy Like it's like the people I can remember too playing I don't want somebody It's like you know they just good cause I heard about it like I'm gonna go when he was like quarterback wise I decided to watch Cam Newton and he was like doing his stuff Thomas too were in college I'm saying C AM G and then sounds like you're talking about colors A B Darrelle Revis Oh Darrelle Revis Yeah but I didn't really get to see all time all time These are some crazy list I'm going like it's hard like Jerry Rice Randy Moss You watching football for too long man The last time you watched Jerry Rice I mean if you watch his highlights and you you can I I feel like if you know like they're like a Hall of Famer or something like that and you just see highlights I feel like that you can put them at all times on you Like you remember Fitzgerald Yeah like maybe he watched Jerry Rice

He like I wanna be like Jerry Rice You feel me Larry Fitzgerald with Jerry Rice He was watching Larry Rice Yes I've seen a film with him See I seen a film with Randy Moss with Chris Carter Victor Cruz Moss came from bro It was like Victor Cruz and all that was tough for a little bit So your top five is you said Jerry Rice Randy Moss J Ross Cup in your top off that I do two more She really want me to do it It's up to you Lawrence Taylor Lt That's Duke uh feel like Bo Jackson or something Bo Jackson arguably one of the best athletes for sure For me you you can put Dion on there Yeah for me I'm I'm going I'm going Barry I'm going Dion Uh Barry Sanders Yeah Dion because he played for Detroit Yeah I mean that's you feel me like he like the legend and the Lions but he was once I saw his highlights I definitely want to play football But um Barry Prime Ed Reed and for sure um my b my list be changing all the time People be thinking I'm just a a flip flop I know um Randy Moss because like you said Moss you gotta get that Who was the first spot Could be anybody I know That's a hard question That's a hard question There's a lot of dudes some of you OK Who is the goat of the NFL though The goat right Tom Brady you said Dion I'm going with Dion You said OK why you say Dion just like put the everything I pro I I say that I say the same thing I say the same thing but I wanna hear like what you cause he was like one of the first to do everything like he didn't get his he didn't get his drip He didn't get his style Like he didn't get none of that from anybody He didn't see anybody He was I was a trendsetter basically he was a trendsetter like he he just did him and it became everything It is now like I got a little like the headband stuff He used to wear the headbands around on the neck Um all the jewelry him flying into a helicopter to his last football game in college Like come on bro like back then you're doing all that all the chains and stuff and making music his song like must be the money like being an artist and all that doing all that stuff like this one to do all that and then being considered the great the greatest corner of all time played offense two PT returned I mean I don't see how you can argue argue against it Tom Brady He just wins wherever he's at Like he consistently just keeps winning win and winning And then also played tell how old he was I say he's a go to quarterbacks for sure I give him that for sure He's a go to quarterback for sure You said Ray Lewis why why for like 500 hard for a linebacker to be kind of the face for NFL Because like so many linebackers and brothers going wasn't he on the cover of Madden Yeah Yeah like brought to be the cover of Madden and like they gave him an MVP the defense that year That was going crazy I say I say prime I say Dion but I said it only because like if you break down football

into football is what offense defense special teams right He bought on defense obviously he went on offense play receiver got catches got touchdowns and then on top of that he was on special teams punt return kick return all of that So I feel like if you talk about the go to football he did did he like excelled in like all of them type of phases I feel like you only could like that makes sense to give it to him if you make if you you know what I'm saying As far as go athlete though I'll probably give him as the go athlete too either him or him or Bo Jackson because both of both of them played football and baseball which is crazy And I heard like Bo Jackson ran like a 41 It's gotta be go athlete gotta be Dion though like one of the fastest players in the league And he's like you know how to be to be like great on offense and defense That's what I'm saying That's what I'm saying Like yeah and it's crazy and you got to put the hardest drip in the league and you making music the drip was sweet The drip wasn't the time the drip back then sucked I'm like no I'm saying that it was was hard Yeah No Yeah he got on they got on three XL jerseys and they they show their past supposed to be a a medium they wearing two XL shirt and play baseball too being hard at baseball and then like every time you watch them you know they're gonna do some he's gonna make a crazy play Like the excitement of that too Like getting people like on a seat like Tom Brady great But like it's just like he out there I mean he's doing what he could do like he not fast You can't judge him on that play but it's like it's not like you're on the edge of your seat like oh Tom Brady like you gonna do something crazy like you feel me it's like Dion gonna get a punt return in the Super Bowl game tied Everybody made a game changer I feel it You're a game changer I got you Ok There's only a handful of players hard to name any who could get you like that like that No there's a lot of like I'm saying there's not there's a lot of players there's a lot of players there's a lot of players you think ok who's getting you on the edge of your seat Just like in general or like oh I just say what a player like the only one that I can name like modern one Odell was hooping on the Giants That was like the edge of your seat type All the dancing Nobody else was doing it like he put the league on notice that everybody had his hair Tarik Hill Tyreek Hill too But I I think it's a little different though You said it's different like a different swag with it though Like I got you is great though No and he's like player type right now dude But it was like different Like when Odell was hooping it was like a little different though I got you No Yeah he was crazy He had a whole whole two years unlock for sure Just like I know everybody even tried to have like the ode cut type of deal to what I had to cut Defense had to cut

You got No Yeah I feel it now for sure Definitely What's the what's the greatest of all time shoe in your opinion I go Air Force One Jordan concert What Jordans though What retros threes fours threes fours Mm six is comfortable 111 I'm going first one is that's what that's what money does a basic shoe that like go with everything Everything bro Literally the only thing I hate about Air Force one is is you gotta walk a certain way or you gonna say don't crease them even when you drive bro you I I take my shoe off I take my shoe off and I drive because I I'd be damned if I crease my air force one You crazy You said you said Jordans you said response What about you drawing ones are one the lows or dunks either I like I like if I had to do retros drawing ones would be the best retros for sure Dunks too though Yeah dunks hard But I feel like dunks You just not getting like I feel like my uncle wasn't wearing like dunk was for skaters back then That's what's crazy though My uncle that's who kind of like showed me how to dress and do everything Give me show me the shoes he been on dunks Like since I was 10 that's just his swag Oh yeah he I've been getting them so I got like dunks I've been had so like now that everybody wearing them it's like the ducks I've been had like all that It's just worth crazy now it's like they used to be like 100 back in the day Like now it's like two beds for one period It's like nobody ever really understand what they are either They just getting them and uh really a bunch of ducks really be having like storage for and stuff like the strawberries All that teddy bears All right Got two more questions This is a question I always ask Um what is a must that a a female must have for you to uh date her Marry her I must yeah you back you know a couple respect is a must personality take care of everything really And she can't cuss you out I mean that that's gonna happen like you know every now and it may happen but respect like that one thing gonna knock everything out the window I ain't gonna try a lot of stuff do a lot of stuff I can't be friends with her I can't talk to her Do you like friends So you can just be cool person like personal personal like yeah I gotta be able you know like I gotta be able to enjoy like being around you being around you bringing you around with my friends Like I feel like a job I feel it I would say it definitely personalities is one um some type of sense of humor because I joke a lot and like if you don't laugh at my jokes or if you don't think the joke I laughed with is funny And you think like if you take it too serious I'd be all right Yeah It's over with humor good taste in music good taste in music She got good taste in music and yeah I can't even say that anymore really nowadays But like I prefer I can say that I don't care what nobody say actually No Yeah So if somebody wants

somebody will for sure for sure about that Uh Music is music thing is a must though like out in the car like I didn't really notice that until I got back here though but like a lot of girls music music for sure Like you gotta have a good taste in music because I got a great taste in music and we can't like vibe on the same type of playlist It's like a turn off get out of my face Other question OK Last question Who has the best drip on the team Hey let's drip on the team You get multiple players Our team get pretty drippy Actually I be saying everybody put up and everybody got different swags too So everybody got like where you from So they be bringing in who's always like swag though With Nemo got that money that bread You can't hide it like you can't hide it He's got he got multiple box shits like five in the morning You have Balenciagas five in the morning coming up Come on babe Like can't hide it Like that's like a casual like it's a locker room Fit a five in the morning fit for you Let's see August Like I feel it off white hoodie like funny mary jeans Like come on Mary jeans How you got it all done You man you know you know I don't know who got the who got the worst trip I tell you the worst trip Hmm Yeah Probably uh shit probably have to be like uh like just say no Dang That's crazy Joe Yeah What about you Who got the best trip Best trip uh uh tightest be putting it on to tight tight We got the worst worst The worst I didn't seen man because people just be just crazy then Uh best trip Che pits save this brother Coach Pitts But the worst trip I didn't probably seen on our team bro Ok I don't even know Probably no I'm gonna just say Jaden because I only seen Jaden Marshall wear white Beaters everywhere in the shirt yet That's cra ain't put a fit on yet The I ain't seen Jaden put it on yet The I would say me but I'm not biased Iii I was I didn't want to say myself I thought I was not biased I really put that on But if it wasn't me it's a couple of people Um You guys pretty just pretty nice for the most part you know the worst drip It's not bad drip It's not bad drip because it's his style It's not bad It's not bad It's not bad Drip Drip That's what I tell him No no no no no That's what I'm saying It's not worst drip It's just like it's different Drip Drip Ok So I can't say it now I can't say it It it's not the worst though I don't know the word What's the most different The question is the worst Who had a different drip Deshaun I only see him wear like cut off sleeve shirts and a cowboy hat and a cowboy hat and his shirt tucked in his jeans all the time But that's his style He from the South though That's what I'm saying It's his style It's different though You feel me like so I wouldn't say like the worst drip but that's the only thing I've seen him in for That's the one you dislike the most I don't dislike it Like honestly it's what you do I said I said I didn't

say worse I don't know what you mean by that The worst The worst drip though You can't count the linemen though because they don't care like somebody who tries to put it on but it would just be bad Linemen could care I mean linemen don't be trying to put it on They'd be wearing the same stuff like you know they'd be wearing the jeans I don't really care about these shoes I don't like a normal T shirt Like that's just li and Drip I don't know I'm I'm gonna stay out of that question Oh he goes the tight ends tight ends probably But oh Michael church church for best Drip or worst drip Worst Dr church Michael Church damn position group got the worst like overall drip I got the whole the worst or best worst Anyways though That's the real and Raw podcast with Agent Zero These are my teammates man Thank y'all for coming on Stay tuned Thank you
